

act as Hon Medical Officer to the Brigade.

Plates for Firemen's Houses

On the motion of Second Officer Lawrence seconded by Engineer Pleasance it was resolved to represent to the Urban District Council the desirability of having plates fixed on the Firemen's houses with the word "Fireman" on them.

Drill

The Captain of the Brigade gave particulars of the Firemen's attendance at drill during the past year. He stated that a prize of £1 had been offered him for the Fireman attending most Drills during the ensuing year.

The Chairman pointed out to the Brigade the importance of ^{regular} attendance at drill.

Ambulance

A suggestion was made by the Chairman that something should be done in the way of establishing an Ambulance Corps in connection with the Brigade but nothing definite was decided upon. it being the opinion that the question should stand over until the proposed new Fire Station was built.
