

decided to offer the post to Mr H J Truher
Election of Third Officer.

In view of the arrangements made in connection with the Chief Officer's attendance at Fires & Drills it was decided that it was necessary to appoint a Third Officer.

This post was offered to Engineer Darling who however declined to accept it stating that he considered he would be much more useful continuing as Engineer.

The Chairman expressed the view in which the Meeting concurred that Engineer Darling was to be congratulated in refusing promotion in the interests of the Brigade.

On the motion of Mr Kirkby seconded by Fireman Seale it was unanimously resolved to promote Fireman H. Taylor to the rank of Third Officer.

It was further resolved that Probationer H Taylor be raised to the rank of a full Fireman.

Ryan Initialed.
